BRIEF ABSTRACT OF LETTER.

States that the conditions subject to which the site was granted to Dewan Bahadur Ragoonatha Rao have not been fulfilled and suggests the desirability of rigidly enforcing these conditions.

Replies hereinbelow as follows to the above queries Seriatim.

(i) The completed portion of the Chatram does not correspond to the approved plan. Two plans A being appd plan & B showing the building as it stands are Subd.

(ii) Mr C. Raghunathen Rao continues to be in charge of the Chatram, though he is not willing to produce any credentials.

(iii) The exact amount is not ascertainable thro' any reliable records, but from the oral statement of Mr Raghunathen Rao it must be not less than Rs 8,000.

(iv) It seems safe to assume that the sale proceeds of the old Chatram and appurtenances have been fully spent on the new building

(v) The alteration in the design is a serious departure and cannot be condoned. But the change of frontage from West to East may be appd as it will mean that the building will face the more important front centre road.

Considering the very valuable land costing Rs 64761-5 that has been given free of cost for the new Chatram, the heir or heirs to the property of Rao Bahadur Raghunatha Rao to be instructed to complete the building as per appd plan.

A notice may be served on the persons interested in the property for effecting the necessary alterations to suit the appd plan within 1 year from the date of notice. In default the site with the buildings may be resumed.

references made therein to any Govt. endowment — either land or cash — to the chattram at Siddicatta. There is also no reference to this institution in the Register of Ready Money grants in the Bangalore Taluk.

28 In page 3 of the office-note in Mumbattu 391-04 a reference is made to the enjoyment by the chattram of a jodi village in the Doddballapur Taluk. In the Register of Muzrai Institutions endowed with Inam lands in the Doddballapur Taluk, mention is made of a chattram at Bangalore and Hengeri, which is in the enjoyment of wet and dry lands with a jodi of Rs 23/-. It is not known whether this chattram is the same as the one that existed in Siddicatta.

29 A reference may, if approved, be made to the Inam Supdt to ascertain whether the chattram referred to above in the Register is the same as the one that existed in Siddicatta. Information may also be called for from the local agent of the late Donor as to whether the chattram at Siddicatta was in the enjoyment of any inam land and if so, whether it was endowed by Govt.

about it. Some time ago with Mr. Vasudeva Rao when I met accidentally when I was on leave. He promised then to go over and complete the building. This was more than a year ago and he has done nothing since. From what I hear, it does not seem likely that Mr. Vasudeva has will take care of spend any large amount on the completion of the building and this will take quite 7 or 8 thousand Rupees if the Sanctioned plan is followed.

37 I have seen the plans more than once and it is very useful to the travelling public and particularly to the friends of patients who come for treatment to the Maternity and Victoria Hospitals and it would certainly be a great public convenience if the building is completed, properly maintained and made available to the public.

48 On a reference to the annexures of Bangalow it is ascertained that the Inam lands entered in Common to this chattram and the one at Kengeri are estimated to yield an income of Rs 1000 and that Kengeri chattram also is badly looked after. SIR,

Adverting to Government Proceedings No. 9223-8/Ml. 358-08 dated the 14th April 1910 sanctioning the grant of the land known as "Chikkanna's garden" situated to the south of the grounds of the Theosophical Society on the Fort Centre Road to the late Dewan Bahadur R. Raghunatha Rao, free of cost, for building a chattram for the use of the public, I have the honor to bring to the notice of Government that the conditions of the grant as specified in Government Order No. 9263-6/Ml. (391-04)-8 dated the 9th March 1906 have not been fulfilled, although five years have elapsed since the date of grant.

2. In the Government Order referred to above, it is stipulated that the chattram should be a pukka terraced building estimated to cost ₹12,000/ and that the sale proceeds of the old chattram in Siddicutta should be entirely spent on the new building, the excess, if any, required to complete it according to the approved plan being supplemented by Dewan Bahadur Raghunatha Rao. building as it now stands is herewith submitted. The portion coloured yellow is roofed with mangalore tiles and the rest has no roof, the walls being incomplete. No portion is terraced. The probable cost of the building, as it stands, is estimated at ₨7,500/-. It is reported that no work is being done for the last two years.

3. The Sanitary condition of the premises is in an equally neglected condition and has become a source of danger to the public health of the neighbourhood. 9 coolies' huts have been put up in the garden. There is no latrine in the premises and the surrounding fence is being used for purposes of nature. The yard is filled with rank vegetation and there are also several pools within the compound where water is allowed to stagnate. Necessary action is being taken to abate the nuisance.

SIR,

Adverting to your letter No.562/Ml.292-14-2 dated 20th Jul calling for certain particulars regarding the new chatram of De dur Raghunatha Rao - erected on the site given for the purpose, to certain conditions set forth in order No. 9263-6/Ml.391-04-8 9th March 1906, I have the honor to report as follows:-

2. Re query (1).- The completed portion of the chatram correspond to the approved plan, as will be evident from the pla B herewith enclosed - (A) being the approved plan, (B) that of ing as it stands. It will be seen that the approved plan shows main frontage towards the west with an ornamental design; the wi building except for a small portion of the upper floor having bee posed to be terraced. This would have made the building both su tial and ornamental. But, as executed so far, the out-houses a placed towards the west and there is no terracing at all, all the ing being Mangalore-tiled. The alteration in the design is a se departure and cannot be condoned, in my opinion.

3. Re query (2).- Mr. C. Raghunatha Rao, the same gentleman who was the agent that carried on the correspondence previously continues to be in charge of the chatram, though he is not willing to produce any credentials.

4. Re query (3).- The exact amount realized by the sale of the old chatram and adjoining grounds is not ascertainable through any reliable records, but from the oral statement of Mr. Raghunatha Rao it must be not less than Rs.8000/-

5. Re query (4).- As per estimated valuation of the building on the plinth area, the Municipal Engineer thinks the value of the present building is Rs. 7500/- though the agent says that very deep foundations were allowed and about Rs.11000 have been spent up to date. Even making allowance for over-estimating by the agent, it seems safe to assume that the sale proceeds of the old chatram.and appurtenances have been fully spent on the new building.

6. Re query (5).- Considering the very valuable land costing Rs.6476-1-5 that has been given as a free gift for the new chatram, I think it fair to insist on the heir or heirs to the properties of Dewan Bahadur Raghunatha Rao to complete the building as per approved plan. Of course, the change of front-age from west to east may be approved as it will mean that the building will face the more important Fort centre road.

7. A notice may be served on the persons interested in the property drawing their attention to the conditions of the grant of the free site, for effecting the necessary alterations to suit the originally approved plan within one year from the date of notice and in default to resume the site and buildings.

I have the honor to be,

SIR,

With reference to your letter No. 481/M1. dated the 23rd July 1917, enquiring about the action taken in the matter of carrying out the necessary work connected with the Dewan Bahadur Raghunatha Rao's New Chattram, I have the honor to forward herewith a copy of my lette No. 72 dated the 10th July 1917 addressed to Mr. R. Vasudeva Rao, the Trustee to the above Chattram and an extract of his reply thereto. hope to arrive at a definite understandin during Mr. Vasudeva Rao's visit to Bangalore.

I have the honor to be,
Sir,
Your most obedient servant,

K. Puttannachetty
Honorary President.

Letter No. 72 dated 10th July 1917, from the Honorary President, City Municipal Council, Bangalore, to Mr. R. Vasudeva Rao, Jahagirdar of Koilady Brindavan Tanjore, Trustee to the late Dewan Bahadur Raghunatha Rao's Chattram, Bangalore.

"I have the honor to observe that after considerable discussion Government passed their orders No. 9263-6/Ml.391-04-8 dated the 9th March 1906 granting a strip of land to the South of the City Institute for the construction of a New Chattram in lieu of another situated in the insalubrious locality of Siddicutta in the Bangalore City. The land measuring 2 acres and 34 guntas is situated in one of the most important and healthy situations in the City and is valued at about Rs. 7000/-. In making a free gift of this valuable land Government imposed certain conditions, and the land was taken possession of by Mr. C. Raghunatha Rao, the Agent of the late Dewan Bahadur Raghunatha Rao, C.S.I., in May 1910. The conditions enjoin that the building should be according to an approved plan and should be built at an approximate cost of Rs. 12000/-. On 17th May 1910 Mr. C. Raghunatha Rao acknowledged having taken possession of the the land and offered to commence building work at once.

2. A half complete structure now stands on the area, which has departed widely from the design approved by the Government. It does not to any extent serve the excellent purpose of the late lamented Dewan Bahadur Raghunatha Rao and in addition to its being an eye sore in its present state, the surrounding area had been let out to colonies of coolies for erecting huts, thus forming a serious menace to the public health of Shankarpur Extension. Before taking further action Government are anxious to definitely ascertain it there is no likelihood of a suitable structure coming into existence as proposed by the original donor and approved by Government.

3. I should therefore be obliged if you would be so good as to enlighten me on the following points:-

(a) Whether a terraced structure at a cost of Rs. 12000/- as approved plan, with an ornimental design facing West will or will not be carried out,

(b) If the answer is in the affirmative, when building operations which have several years ago come to a standstill will be resumed and brought to completion;

(c) Whether it is not possible tomake suitable arrangements for the area being kept in a clean and tidy condition free of rank vegetation and filth and to ensure proper supervision over the use to which the building or the land may be put.

4. I request the favour of a very early reply to this enquiry."

I am going over to Bangalore very shortly and hope to be able to arrange matters satisfactorily to all concerned.

SIR,

Reference:- your letter No. 2850/Ml.292-14-dated 21st November and reminder No. 3429/Ml. dated 28th December 1917 re, the site grante the Late Dewan Bahadur Raghunatha Rao C.S.I., for the construction Chattram.

With reference to the above and in continuation of my letter No. dated 4th August 1917 submitting for the information of Government co of a letter received from Mr. R. Vasudeva Rao, trustee to the Chattra regarding the completion of the works of the same, I have the honor state that Mr. Vasudeva Rao did not go to Bangalore in July last as pr mised by him. I sent him a notice on 16th October 1917 stating that the event of his failure to pay his attention to the matter, the condi tions under which the site was granted for the construction of the Cha ram would be enforced and also communicated a copy of the notice to Mr Ragnunatha Rao the local agent of the former at Bangalore. Mr. Raghu natha Rao is fully aware of the liabilities of the donor and the actio which this office has been taking in the matter, but he has t en litt

a little interest. In reply to my notice issued to Mr. Vasudeva Rao, he wrote asking me to send for his agent and inform him what all had to be done for the Chattram. I again gave the latter a notice on 22nd November 1917 asking him to call at the office with a view to definitely ascertain whether there was any liklihood of any action being taken on his part. I fear there is not much to be expected from him.

2. The building is in the same incomplete state as was reported in my letter No. 141 dated 26th October 1916. I would urge the Government to pass suitable orders in the matter in the Muzrai Department.
